Technology

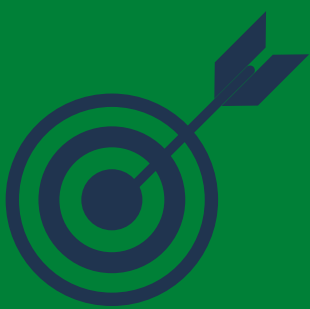

COMPANY PROFILE

AMZ Corporation is located in York, PA with 90 employees and was established in 1992. The company provides custom plating and complete turnkey services for a diverse customer base including defense, electronic and commercial industries

CHALLENGE

AMZ successfully bid for a large OEM contract. Part of the accepted proposal included developing a site and build the facility to meet the exact specifications of the OEM. The OEM had strict requirements on quality control and their current system wouldn't cut it.

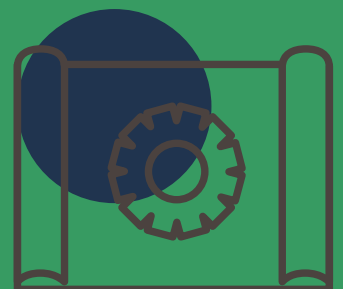

DESIRED RESULTS

To integrate an ERP system to ensure quality documentation for large OEM contract.

MANTEC'S SOLUTION

MANTEC's Manufacturing Technology Specialist facilitated choosing and integrating a new ERP system that would provide audit trails, extensive flexibility, and internal control for activities to meet the new contract's requirements. MANTEC also provided a specialist to help with hazardous waste training.

RETURN ON INVESTMENT

- The **selection and implementation** of a new **ERP system**.
- **Doubled sales** year over year.
- **6 new jobs** added.
